Predator Control

Trapping results

Central Canterbury spotted skink

McCann's skink

Common skink

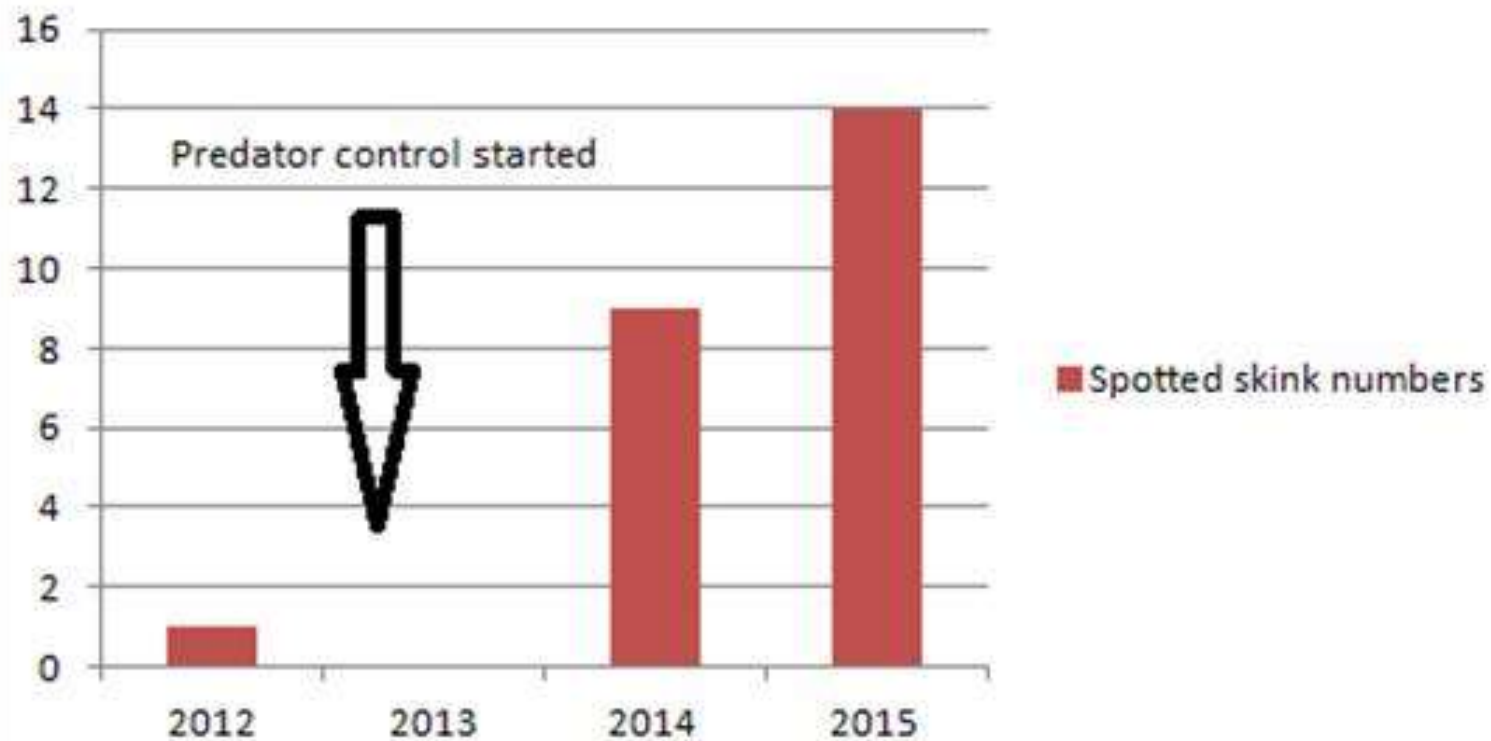

Habitat and Monitoring

Spotted skink numbers

Kupe's grassmoth – *Kupea electilis*

Habitat and Monitoring

Kaitorete Jumper – *Kiwaia jeanea*

Habitat and Monitoring

Recommendations:

- For birds and lizards
 - Maintain current monitoring and species recovery interventions
- Terrestrial invertebrates
 - As above; and
 - Encourage student research
- Aquatic invertebrates
 - Develop and implement monitoring programme for lake flies
