The sustainable drains project – Hamish Rennie (Waihora Ellesmere Trust)

10.45am Henderson restoration

Native restoration project: Great example of a Greendot that has become self seeding - Ray Henderson (landowner)

What can you do to your planting after 5 years of growth - Dr Colin Meurk (Landcare Research)

12.00pm Kinney restoration

Native restoration projects (older and new) and the return of bellbirds - Kristen Kinney (landowner)

Predator control in restoration sites: where to start - Craig Alexander (DOC)

Come for the whole tour or to one site

In the case of bad weather, the tour will be postponed to the 3 May, you will be emailed, but you can also listen to Newstalk ZB (1098AM, 100.1FM) for cancellation.

RSVP: Tuesday 14th April, to assist with catering or would like to car pool register@kakariki.org.nz

What you need to bring:

- Sturdy shoes or gumboots
- Hat and sunscreen
- something to drink
- suitable clothing for changing weather
- lunch

The day will give you the opportunity to see what local landowners have achieved.

TAK coordinator: register@kakariki.org.nz
 RSVP by 14 April 2015
